

Energized Hydrogen Water

Hydrogen-rich water is the current trend in drinking water

8 Advantages

- 

Breakthrough antioxidant uptake
- 

Innovative 5-in-1 total water quality enhancement
- 

Naturally produced antioxidant, Hydrogen
- 

Alkaline Hydrogen-rich water
- 

Easy DIY installation and maintenance
- 

Economical model
- 

Comply with international standards
- 

Water molecules are smaller in size

5 Powerful Filters to Keep You Healthy and Energized

- Filter 1: PP Sediment Filter**
- Filter 2: UF Membrane Filter**
- Filter 3: Pre Carbon + Resin**
- Filter 4: Hydrogen Alkaline Filter**
- Filter 5: Active Carbon block + Bioceramic**

7 Functions of Hydrogen-rich Water

- 

Help to control blood sugar, prevent diabetes
- 

Help to prevent neurological diseases and delay brain degeneration
- 

Help to educe oxidation of bad cholesterol, prevent heart disease
- 

Help to enhance immune system
- 

Help to inhibit inflammation in body and improves symptoms of arthritis
- 

Help to improve muscle fatigue, quick recovery after exercise
- 

Help to improve mood and anxiety, improve quality of life

7 Advantages of Hydrogen

1. The smallest antioxidant in the universe
2. Selective scavenging of toxic free radicals
3. Enhance body's antioxidant capacity
4. Protect cell membrane
5. Excellent penetration across various barriers, exerts antioxidant effect in various tissues
6. Excellent diffusivity, entering various disease sites to prevent or assist in the treatment
7. Truly safe. Safety has been recognized internationally without any side effects.
